COURSE BOOKING ENGINES

PRODUCT COMPARISON MATRIX

AUGUST 24, 2016

The new EZLinks Responsive Booking Engine dynamically adjusts to fit a golfer's preferred method of booking – be it a desktop computer, tablet, or mobile device.

This chart compares the original (non-responsive) booking engine that has been in use for 10+ years, and the first version of the new (responsive) booking engine.

SCREEN BEHAVIOR & CONTENT	Non- Responsive	Responsive	
Tablet/Phone-friendly	N	Υ	
Can be displayed within an iFrame on a course's website	Υ	γ
